

1. With a textured black metal frame, the LaGrange fixture from Hudson Valley Lighting features hard and curved lines with mixed metals.
2. Creative Systems Lighting's SS2001 Cube wall mount has a 18W LED light engine and 840 lumen output and is UL/C-UL listed for damp or wet locations.
3. Troy Lighting's Silhouette features a light source surrounded by a hand-worked iron framework, which is suspended by aircraft cables.
4. Preciosa Lighting presents Glass Wall, one of its decorative wall-light fittings with modular crystal pieces. Each of the hand-blown Glass Wall components has an attaching system with LED supply, so it is possible to create periodically repeating shapes and custom sizes.
5. Tracy Glover Objects and Lighting's Raindrop Chandelier diffuses the light from canopy-mounted LED lights and 60 glass raindrops cascade from stainless-steel cables attached to a dome-shaped, spun-aluminum canopy. Available in Lustre, Primavera and Smooth glass patterns and 24 individual colors.
6. The Eden Magnolia wall fixture from Global Lighting, part of its Stratos Collection, is shaped like a magnolia leaf. The fixture, designed by Matteo Ugolini, has an iron structure covered in white Lycra.
