

1 CSL's Waymarks are wall plates that feature illuminated custom artwork in a variety of color options. The 10-in. squares are made of aluminum with CNC laser-cut aluminum accent plates, and are currently available in six designs, including Java, a coffee marker, and versions for restrooms, pools, smoking areas, WiFi and bars.

2 The lolite modular LED downlight from **Nora Lighting's** NSpec division is available with 1-, 2- and 4-in. apertures and features more than 100 design and trim options. The 1-in. (12W) downlight produces about 600 lumens, while the 2-in. and 4-in. (14W) gimbal and deep regress adjustables produce 800 lumens.

2

3 The Apex72 electric wall heater from **Cadet Heat** is mounted a minimum of 72 in. above the floor and includes a 12-in. x 8.5-in. decorative cover with a louvered or hexagonal pattern grill. The heater also features a longer cleaning cycle—every two years as opposed to every six months—due to its height on the wall, according to the company.

3

4 Peak, part of **HBF Textiles'** winter 2016 collaboration with designer Elodie Blanchard, is a pixelated modern interpretation of landscape wallpaper found on a typical computer screen saver, according to the company. The fabric mixes two eco-intelligent, Antimony-free polyester yarns and a variety of weave structures, and is available in seven colorways.

4

5 **Soundfreaq** has added key features and custom design options to the hotel edition of its Sound Rise speaker and alarm clock. It is now built with auto-DST (Daylight Savings Time) and also comes with a backup battery. Additionally, the "time set" button has been removed so that guests cannot change the time.

5

6 The Hide n Seek wall cabinet from **Think Fabricate's** Kinetic Connection features liftable surfaces, slidable panels and hidden compartments. Made from metallic-finished oak, gray-stained oak, walnut and lacquer, the cabinet can be customized depending on the specific space.
